PROFESSIONAL SUMMARY

Full Stack Developer with experience building scalable, high-performance web applications using React, Next.js, Node.js, and TypeScript. Strong expertise in REST API integration, backend optimization, and system design. Proven ability to improve performance and deliver production-grade solutions in fast-paced environments.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript

Frontend: React.js, Next.js, Redux Toolkit, HTML5, CSS3

Backend: Node.js, Express.js, REST API Development

Databases: MongoDB, PostgreSQL, Prisma, Mongoose

System Design: Role-Based Access Control (RBAC), API Integration, Scalable Architecture, Performance Optimization

Cloud & Tools: AWS (S3), Git, GitHub, Linux

EXPERIENCE

Full Stack Developer (Client-Facing)

Manhattan Tech Ventures (Remote) | Nov 2025 – Present

- Developed a full-stack advertising platform integrating 49 Amazon DSP APIs for campaign and asset management.
- Built a scalable frontend (React, TypeScript) and backend services (Node.js) for workflow-driven systems.
- Designed a hybrid Role-Based Access Control (RBAC) system, improving permission validation performance by 50–100x (under 1ms latency).

Project: Social Club Mumbai Platform (Hospitality Product)

- Coordinated development of a membership-based booking and lifestyle platform, translating client requirements into technical specifications and development tasks.
- Communicated system workflows and technical trade-offs to clients and managed feature discussions around membership, booking flows, and user access control.
- Supported deployment and updates across WordPress and Vercel environments.

Full Stack Developer

1View Solutions Pvt. Ltd. (formerly K DataScience Solution) | Apr 2024 – Nov 2025

- Developed and maintained full-stack applications using modern JavaScript technologies.
- Optimized SQL queries, improving database performance and reducing response time.
- Built scalable REST APIs and improved data flow across systems.
- Enhanced system stability and reduced performance bottlenecks.

Junior Full Stack Developer

ChainCode Consulting LLP | Apr 2023 – Feb 2024

- Built responsive web applications using React and Next.js.
- Integrated frontend with backend APIs for seamless data handling.
- Improved UI performance and reduced page load times.

PROJECTS

SocialGear DSP – Amazon Advertising Platform

- Built a scalable advertising platform using React, Node.js, and TypeScript.
- Integrated 49 Amazon DSP APIs for campaign automation and asset management.
- Designed a low-latency Role-Based Access Control (RBAC) system (under 1ms response time).
- Implemented a scalable backend architecture for multi-user workflows.

EDUCATION

Bachelor of Computer Applications (BCA) — Kumaun University | 2018 – 2021

Full Stack Development Course — Masai School | Apr 2022 – Mar 2023

ADDITIONAL SKILLS

Client Communication & Requirement Gathering, Problem Solving & Analytical Thinking, Cross-functional Collaboration, Ownership & Accountability, Time Management & Prioritization, Technical Communication.
